

VERIZON EISP OFFER VOLUNTEER UPDATE

6/15/10

The Union met with the Company today to review the TENTATIVE number of volunteers that have applied for the EISP offer so far. As of Thursday, June 10, 2010 the total number of volunteers that have applied for the offer thus far from Local 13000 is 733. The breakdown of those 733 applicants is as follows: 628 in the surplus titles and another 105 in the non-surplus titles. These numbers are subject to change based on the June 16th deadline to apply or retract any applications. Further discussions were held with the Company regarding what their intentions will be going forward after June 16th. The Company responded that they will not have any plan of action until all results of the EISP are calculated and reviewed. The Union has secured various dates going forward with the Company to address those non-surplus applicants as well as any further negotiations that may result regarding any possible remaining surplus conditions. Updates will be posted as we get more detailed information and also relayed to you through your Union Officials.
