

## **VERIZON SURPLUS UPDATE**

**3/5/10**

A meeting between the CWA District Vice Presidents and the Company has been scheduled for Tuesday March 9, 2010. This meeting is being held to announce the Company's intent surrounding the details of EISP incentives aimed at relieving the Surplus declarations the Company has announced across the various Districts in the Mid-Atlantic States. The details resulting from this meeting will be relayed to the membership through your Unit Councils as well as through this website as soon as we receive them. As of today this Local has provided all the information we have surrounding these surplus declarations to your Unit Councils. It is not the practice of this Local to post information that is continuously subject to change, which has been the case with this and previous surplus declarations.

As new factual details are received we will release them immediately. Members can contact their Regional Offices to address any further questions they may have.
